

LARGE PACKAGE PASSER

Offering innovative solutions for bullet, blast, impact and wind resistance.

FEATURES

- Level 1, 2 and 3 ballistic glazing options based on UL752 standards
- Constructed with UL Listed bullet resisting materials
- Mechanically interlocking vertical lifting doors
- Completely fabricated with minimal field assembly required
- Custom sizes available
- Designed to pass items up to 24" x 22" x 26"
- Full vision through passer

PRODUCT DESCRIPTION

The PE Package Passer is designed to help defeat ballistic assaults from Levels 1, 2 and 3 handguns based on UL752 standards. Interlocking mechanisms keep one door locked at all times while allowing packages to be passed through the full vision barrier without a breach of security. Designed to be installed with a new or retrofit security barrier or by itself in a finished opening.

CONSTRUCTION

- The Large Package Passer is a box construction using bullet resistant transparent acrylic or polycarbonate material and ballistic aluminum. Full height jambs which house a steel counterweight system for vertical lifting doors.
- Unit will rest on existing or new countertop. No base is supplied.
- Chrome or acrylic lifting handles on lifting doors.
- This passer is held together with extruded clear anodized aluminum and plated steel fasteners to match.

Glazing

- The glazing materials used are consistent with Underwriter Laboratories' Standard 752 specified for bullet resistance.
- Bullet resisting protection level shall be as specified by end user and consistent with threat level.

UL752 Ballistic Rating Options

- UL Level 1: 1 ¼" Acrylic
- UL Level 2: 1 ⅜" Acrylic
- UL Level 3: 1 ¼" Lexgard® SP1250

APPLICATIONS

- Financial institutions
- Convenience stores
- Pharmacies
- Food service establishments
- Law enforcement facilities
- Parcel passer locations
- USPO stations
- Other "at risk" facilities

Each end user should determine their ballistic threat and identify the appropriate product(s) to resist that threat.

STANDARD SIZES

Outside Dimensions

- 24" W x 48" & 60" H x 32" D
- 30" W x 48" & 60" H x 32" D
- 39 ½" W x 48" H x 32" D
- 39 ½" W x 60" H x 32" D

Custom sizes may be manufactured based on maximum package dimensions.

NOTE

This unit was not tested as an assembled product. Only specific items are tested or rated.

Component ratings are available upon request.
